### Interview with Lester R. Brown

Destructive storms are increasing in frequency and severity, causing wind damage, flooding, mudslides, and other forms of widespread destruction. Examples include the Ogallala under the Great Plains and the deep aquifers under N China and Saudi Arabia. Some of the same projections were used by the researchers of the Pentagon report excerpted above.

### Table of contents for Plan B 2.0

The book can be ordered from your local independent bookstore through.

### Table of contents for Plan B 2.0

While world population growth was doubling, water use was tripling. What we could do to stop the over-using of our planet so that we do have a future, so that also next generations would still have a possibility to exist.

### Plan B: Rescuing a Planet Under Stress and a Civilization in Trouble

The United States alone controls close to half of world grain exports, a larger share than Saudi Arabia does of oil. Scenarios for the 21st Century On the companion Web site to Allen Hammond's book Which World? Issues include deforestation, erosion, fossil fuel and other resource consumption, population, agriculture and diseases, among other concerns.

### Lester R. Brown, Plan B—Rescuing a Planet under Stress and a Civilization in Trouble

My only problem with t This book is great.

## **PLAN B: Rescuing a Planet under Stress and a Civilization in Trouble**

They assumed that when we reached the limit we would protect the base, which we have not done. The whole world today has 800 million cars. The organization is devoted to the analysis of global environmental issues.

## **Swans Commentary: Lester R. Brown's B: Rescuing a Planet under Stress and a Civilization in by John Blunt**

Contents may have variations from the printed book or be incomplete or contain other coding. One auto requires about 0.

## **Interview with Lester R. Brown**

The Aral Sea no longer recharges the Aral Sea, whose volume of water has dropped by 83%.
