Dravidian languages

About this Item: Gyan Books Pvt.

Brahui

There are also an unknown very small number of expatriate Brahuís in the Arab States of the , Iranian Balochistan and Turkmenistan. The earliest varieties of Indo-Aryan are forms of Sanskrit. The grammar is quite elaborate and comprehensive.

Brahui Language

If it is multi volume set, then it is only single volume, if you wish to order a specific or all the volumes you may contact us. It is said that a dynasty, the by name, ruled over this part of the country prior to the seventh century, Kalat is still known as Kalat-i-Sewa. Part three contains an etymological vocabulary which not only shows the Etymology of words and gives their meanings in English but also provides with numerous examples from the actual speech.

Dravido

It should be noted that until the 8th century both the Kuru kh and the Malto lived much farther west than they do now. Part Three Contains An Etymological Vocabulary Which Not Only Shows The Etymology Of Words And Gives Their Meanings In English But Also Provides With Numerous Examples From The Actual Speech. The author has realized that the comparative study of a language family depends on the firm identification of etymologies, and several of the papers concentrate on etymological study.

LINGUIST List 19.3870: Descriptive Grammar: Andronov (2006)

Deshpande and Peter Edwin Hook eds. All census returns since 1911 analyzed by Sir Denys Bray in 1914; the 1931 returns were also discussed by him; see below have been characterized by confusion between those designated Brahui tribesmen and those claiming Brahui as their mother

tongue, which has led to constant overestimates of the latter and underestimates of the former in later Pakistani census returns up to 1961, the last year in which census data on mother tongue were provided; see Emeneau, 1962. Part three contains an etymological vocabulary which not only shows the Etymology of words and gives their meanings in English but also provides with numerous examples from the actual speech.

1962 BRAHUI & DRAVIDIAN Comparative GRAMMAR by M.B. EMENEAU Famous Linguist 1st

Even the convening of a jirga is quite informal. For instance, does not distinguish between voiced and voiceless stops.
