My strong financial skillset and wide range of experience come from over 25 years in the financial services industry, with an emphasis on healthcare. Most of my prior experience is in the insurance industry, where I developed expertise as well in business management, strategy development, process optimization, and performance measurement. Persian music consists of a number of principal musical modal systems or dastgāhs; in spite of 50 or more extant dastgāhs, theorists generally refer to a set of twelve principal ones.

Dastgah

During this time, I developed a strong passion for assisting physicians and other clients in identifying issues with their practices and managing financial resources.

Dastgah

A dastgāh is usually the name of the initial mode of a piece, which the music returns to—and moreover, a dastgāh identifies a group of modes grouped according to tradition.

Dashlyn

Sharon Ryan MBA, Chief Executive Officer I acquired Dasher, Inc. As Dasher is known for delivering excellent client and staff experiences, I look forward to enhancing that reputation. I love speaking to organizations about these experiences because it helps me to connect with the audience and provide real-life examples that hit home.

Become a Dashlane Beta Tester

A dastgāh is more than a set of notes, and one component of the additional structure making up each dastgāh is which pitches are singled out for various musical functions. In this role, I was accountable for the achievement of growth and profit plans for property and casualty nationally.
