Age using lines

A good line of Apollo is undoubtedly an indication of the possession of the characteristics of the Apollonian, who makes, friends, money, and reputation more easily than any other type. This broad and shallow line is a feeble and weak one, and is generally full of defects and obstructions. .

Laws Scientific Hand Reading

THE science of Palmistry is founded upon the shape of the hand. The true split line leaves the Main line, and does not come back and attach itself to it again.
