List of cat breeds

Gradually the plans grew into a complicated mass of cranks and cog-wheels, covering more than half the floor, which the other animals found completely unintelligible but very impressive. The execution of the traitors this afternoon was the final act. This was a wickedness far outdoing Snowball's destruction of the windmill.

List of cat breeds

Whatever goes upon two legs is an enemy. It describes the origins of cats and their global spread, their long-standing and varying relationship with people, their global impacts and their ecology.

List of cat breeds

Feral cats can carry infectious diseases which can be transmitted to native animals, domestic livestock and humans. After only a moment or two they gave up trying to defend themselves and took to their heels.

Microchipping

Hidden under the straw was a little pile of lump sugar and several bunches of ribbon of different colours. Presently the tumult died down. Milk and apples this has been proved by Science, comrades contain substances absolutely necessary to the well-being of a pig.

Animals

No animal shall kill any other animal. She was late for work every morning and excused herself by saying that she had overslept, and she complained of mysterious pains, although her appetite was excellent. Jones's gun had been found lying in the mud, and it was known that there was a supply of cartridges in the farmhouse.
