All That Glitters: The Fall of Barings by John Gapper, Nicholas Denton

In the narrative a diverse group of managers the chief executive, the chief financial officer, the head of the public relations and the chief regulatory officer voice their views on the risks, collectively bringing a multiple stakeholder perspective to the risk profile.

Reading this book again, post September 2008, I paused, with mild depression, at the thought that simple selfish naked human greed continues to overrule any honest desire to wholly and accurately learn and successfully implement lessons from inadequate financial systems or indeed the blind lack of any system whatsoever. The opposite was supposed to happen.
