Kenski, Kate; Jamieson, Kathleen Hall eds. The study provides data that shows how the main parties within Austria had differing levels of voters flipping toward them, thus proving that an election campaign has some level of effectiveness that differs between parties, depending on factors such as media presence. Others say that the importance of the large swing states has become so great, that the original intention of the constitution to give a voice to the less populated states no longer holds.

Lesson Plan: Contested elections in American history

The plan takes account of a campaign's goal, message, target audience, and resources available.
