Also visible to onlookers was the exceptional 25-metre-long swimming pool on the main deck aft, plus a spa pool on the upper deck. A superyacht may be maintained by its crew, which may be reduced in size during the periods that the owners are not on board and no charters are booked. There is limited covered deck space at the aft end of the main and upper decks, but it is well enclosed by glass sides for cooling.

Temperatures in excess of 45°C are quite normal in the region during the summer months, so Scheherazade has relatively little exterior space for a yacht of this size. Looking for a yacht charter vacation? Come and walk our docks and meet our knowledgeable staff. The yacht can also accommodate three helicopters, one on each of the two helipads and the third in a storage hangar below the fore deck.
