Old Age in a Bureaucratic Society (February 21, 1986 edition)

The substance is often taken in larger amounts or over a longer period of time than was intended.

Vision Loss in Older Adults

For example, the number of men aged 85 to 94 grew 46.

Growing older: What age is considered elderly?

Such patients typically reside in nursing homes and assisting living facilities; a population that is not represented in large RCTs and therefore have no demonstrated

safety data for intensive BP lowering.

The Role of Senior Citizens throughout History

Evidence-based prevention programs take place at the community level to help participants avoid hospitalizations and unnecessary physician visits.

Social Security History

Age-related macular degeneration PPP - updated 2015.

Ageism and the Elderly

Again, these factors are not set in stone — retirement age can vary widely, and people can become grandparents at younger and older ages. If the earliest eligibility age for Social Security retirement benefits remains 62, rising life expectancy will increase the number of years older adults receive benefits.
