Jansen 2012 suggests that making formal or legal agreements of ownership with the community will inevitably exclude some parts of the community and impose western definitions of ownership and individuality that are poorly suited to the context. In this fascinating book on a topic of importance to specialists in several different fields, Jan Bender Shetler attempts to provide a corrective to this perception. The Ilkisongo killed the leader of the Ilkaputiei in a battle just days before.

Western Serengeti peoples imagine the environment not as a pristine wilderness, but as a differentiated social landscape that embodies their history and identity. With the contacts I already have in both the region and the nation, I have begun to write to people and institutions to ask if they are

interested in hosting the Digital Library.
