Full text of Guard efforts to prevent oil pollution caused by tanker accidents : hearings before a subcommittee of the Committee on Government Operations, House of Representatives, Ninety

We need the continued support of the Department of Energy. The local chapter of the Veterans of Foreign Wars repeatedly asked the Governor to repair and maintain the fort. Of course, raw numbers of cases filed or cases terminated is not an altogether reliable yardstick of judicial labor.

Energy Issues Affecting the Agricultural Sector of the U.S. Economy

Any adverse impacts the coal burning would have on New York, neighboring States or Canada were minimized or completely eliminated. PORTER: Specifically and with detail, what does NRC calculate the damage in each of these facilities to be in the event of a vehicle bombing using a vehicle of the size of the WTMJ van? That means only 1 out of 5 are looking for oil. Chairman, there is no question that clean coal technology exists today that, in fact, significantly reduces emissions of air pollutants.

Full text of and water development appropriations for 1997 : hearings before a subcommittee of the Committee on Appropriations, House of Representatives, One Hundred Fourth Congress, second

In fiscal year 1997, the NRC will also begin working with DOE on determining the primary and backup approach to tritium production. I mean, how would we undo a deferral if the administration went ahead and deferred some money that had been duly appropriated? The 1994 Act made the reporting requirements part of the Bank Secrecy Act more meaningful and more useful to law enforcement.

Full text of and water development appropriations for 1997 : hearings before a subcommittee of the Committee on Appropriations, House of Representatives, One Hundred Fourth Congress, second

Well, my legislation would give courts the ability to double the sentence against persons and institutions that violate United States anti-money laundering laws with respect to foreign high-in- tensity money laundering areas. The major changes are summarized below and are discussed in the Summary and Explanation Section of this Preamble Section XIII.

Energy Policy

In addition, over two dozen international and intergovernmental organizations, trade associations, and unions are represented, and their expertise serves to inform the member nations. I remember years ago, after being visited by a number of very extraordinary Mexican officials, hearing the observations from the Mexican ex- perts, they are extraordinarily well educated, but more than a few are crooks.

“A Vibrant National Preoccupation”: Embracing an Energy Conservation Ethic in the 1970s

The extent to which each of these four federal agencies have authority to acquire and dispose of land varies considerably. §§ 7308, 7545
Congress may disapprove by concurrent resolution Secretary of Navy's proposed transfer of obsolete and condemned vessels and articles of historical interest to states or local governments or to non-profit organizations S. QUITE FRANKLY, I HAVE BEEN CRITICIZED FOR REFUSING TO EMBRACE SOME OF THESE SOLUTIONS, BUT I HAVE STEADFASTLY REFUSED TO HAVE MY CONSTITUENTS MISTAKENLY BELIEVE THAT A SOLUTION WOULD BE EASILY OR PAINLESSLY ATTAINED.
