So we see the pattern of your pushing 1930's style nationalistic Polish ideas onto wikipedia. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. The only exception was the case of the small group of Rusyns in the Vojvodina region of Yugoslavia.

Judging by your initial comment, you've drawn an ethnic parallel between the two regions which doesn't apply to the region of Galicia in central and eastern Europe.
