

Report Royal Commission on Electric Power Planning - Volume 8 : Decision-Making, Regulation, and Public Participation: A Framework For Electric Power Planning in Ontario For the 1980S.

s.n - Hansard Transcripts 1998

4. Harnessing the broadest range of actors and instruments (tax, subsidy, land acquisition, etc.) to promote better design and encourage the development of ecologically sensitive infrastructure.	
Achievements:	Future Challenges:
<ul style="list-style-type: none">• Channeling tri-government financial contributions towards public realm improvements.• Employing design competitions to encourage high standards of design, and committing to the renaturalization of the Don River.	<ul style="list-style-type: none">• Ensuring that the full tri-government financial commitment (\$1.5bn), and future monies owed to the Corporation, are forthcoming.• Achieving the long-term ambition to renaturalize the Don River.
5. Mitigating the exclusionary effects of control strategies and urban design regulation.	
Achievements:	Future Challenges:
<ul style="list-style-type: none">• Investment in parks and open spaces.• Commitments to affordable and social housing.• Contributions towards waterfront infrastructure and social and affordable housing have been established in zoning by-law amendments and reaffirmed in legal agreements with developers.	<ul style="list-style-type: none">• Ensuring that private developers meet affordable and social housing targets for the waterfront.
6. Integrating zoning into planning and addressing the limitations of zoning.	
Achievements:	Future Challenges:
<ul style="list-style-type: none">• Precinct plans translated into zoning by-law amendments.• Zoning by-law amendments supported by urban design guidelines.	<ul style="list-style-type: none">• Ensuring that the various mechanisms employed to protect the spirit of the precinct plans remain in place.

David McRobert

Thus, the number of unilingual regulations will have been reduced by more than 10%.

Human Rights Reports: Custom Report Excerpts

Total foreign investment in the Czech Republic equity capital + reinvested earnings + other capital equaled USD 156 billion at the end of 2017, compared to USD 121.

2016 Report of the Cree

With respect to the second question on the Order Paper, we will consider that.

Public perceptions of electric power transmission lines

Thus, a number of questions have been submitted to the government regarding this matter. The Regional Government may also, when requested to do so by the Cree community or the municipality concerned, affirm its jurisdiction regarding any municipal, local or regional jurisdiction on the territory of the Cree communities or the territory of Ville de Chibougamau, Ville de Chapais, Ville de Lebel-sur-Quévillon or Ville de Matagami, which are designated as the enclosed municipalities. It gets away from the politics of it.

Human Rights Reports: Custom Report Excerpts

Persons with disabilities suffered forms of de facto discrimination. Eeyou have a special spiritual relationship to their land ... Eeyou Istchee.
