For instance, we need to know how to get in touch with you, we need to be certain of your identity and we need to understand your financial circumstances, so we can offer you products and services and give you the best possible customer experience. Operating branches nationwide and via online banking services, they provide mortgages, insurance, loans, credit cards, pensions, financial planning, savings and investment services to Irish customers.

## Data Privacy

Our platform can securely gather, store and analyse data from many thousands of users, building neurocognitive profiles of individuals and populations or demographic groups. To do this banks have to create account information layers, which can be accessed both by the bank staff as well as by th customers themselves. Today, visitors can still view the impressive chamber within the old headquarters building.

## Role of Information Technology (IT) in the Banking Sector

When we ask for your consent, we will provide you with more information on how we will use your personal data in reliance on that consent, including in relation to third parties we would like your consent to share your data with. This follows on from the Bank's natural expiration of its current agreement with HP, which was signed in 2004. For example, if you are eligible or are eligible to become a Premier or Private Banking customer, we may contact you with details of offers, products and services available to you.

## Data Privacy

If so, we may disclose your personal information under strict duties of confidentiality to a potential buyer, transferee, merger partner or seller and their advisers, so long as they agree to keep it confidential and to use it only to consider the possible transaction. The right also permits the transfer of data directly to another provider where technically feasible. Therefore, depending on the technology involved, we may not be able to receive

personal data transferred to us and we will not be responsible for the accuracy of same.

## **Technology**

However, as well as being a commercial bank — a deposit-taker and a credit institution — it performed many central bank functions, much like the earlier-established and.

## **Bank energy monitoring case study: Bank of Ireland**

So to differentiate ourselves from competitors, we need to be shaving seconds, minutes or hours from every process. Asset quality is expected to deteriorate materially over the next quarters.
