OPERA Private Property Issues and Landowner Concerns

Many of the public and the agencies that have been consulted -- and we've consulted many people -- reiterate the importance of the escarpment as central to the future of Milton from both an economic development perspective, as a valuable tourist destination, and to serve the town's residents in their pursuit of appreciating the natural environment. If you'll take the trouble to read our submission, you will see that there are quotes taken directly from the government review of the environmental assessment, and they say not equivocally, they say unequivocally the ministry is satisfied that the concerns about groundwater interference are not well founded, that there is not a problem, the government policy is met and this matter should be heard by a board.

Bill 135, Greenbelt Act, 2005

Report 5 Not more than 30 days after the conclusion of the hearing or within such extended time as the Minister determines, the hearing officer shall make a written report to the Minister and to the prescribed persons and public bodies recommending whether the Lieutenant Governor in Council should approve the proposed amendment, in whole or in part, make modifications and approve the amendment as modified or refuse the proposed amendment, in whole or in part, and giving reasons for the recommendation. Without talons, it impales its prey, usually smaller birds, mice or insects, on thorn trees or barbwire fences for later feeding.

Environmental Registry

Might we further suggest the NEC advertising budget, presumably soon enlarged to promote government-managed Escarpment tourism, provide for newspaper notices of proposed Plan amendments and any modifications in Escarpment status or management obligations. The NEP was recently reviewed in conjunction with the Greenbelt Plan, Oak Ridges Moraine Conservation Plan, and the Growth Plan for the Greater Golden Horseshoe. The parties may agree to hold the hearing in another location or at the ERT offices in Toronto.

Ontario Superior Court Upholds Duntroon Expansion Decision, Dismissing Judicial Review Sought by NEC

The municipality takes its public water supply from three well fields. Actions to conform to plan 3 Despite any other Act, no municipality or

municipal planning authority shall, within the areas to which the Greenbelt Plan applies, a undertake any public work, improvement of a structural nature or other undertaking that conflicts with the Greenbelt Plan; or b pass a by-law for any purpose that conflicts with the Greenbelt Plan.

Commission says no to adding escarpment land

Yesterday I think it was Mr Stockwell who characterized this bill in relation to those land owners as downzoning and I think he correctly did that. After 70 years of social engineering, eventually at gunpoint, the pervasive doctrine that insists economics is the root cause of injustice helped ruin Eastern Europe, a historical lesson the U. No derogation from existing plans 4.

Commission says no to adding escarpment land

Mr Duignan: I think you're actually the last house prior to the quarry site. The short title of this Act is the Greenbelt Act, 2005. Same 4 Subsection 3 applies regardless of whether the cause of action on which the proceeding is purportedly based arose before or after the coming into force of this Act.
