### The Second Jungle Book, by Rudyard Kipling

I loved most of this book. Second: this book especially in conjunction with the first reminds me heavily of how the movie Labyrinth is and should have been. I did not realize that there was a Second Jungle Book, but once I found out I read it and believe that it is even better than the first.

### The Second Jungle Book, by Rudyard Kipling

My favorite story was The King's Ankus, because Mowgli and Bagheera together is the best team! But I definitely enjoyed and liked the last chapters best they did have there sad moments. Kipling's classic collection of stories set in India, featuring the young boy Mowgli and a cast of mostly animal characters that illustrate human nature.
