## Griha Pravesh Puja Samagri List

Listovi koji požute i otpadnu, brzo će biti zamenjeni novim. Cvet ove biljke je veoma raskošan, krem — bele boje, skupljen u veliku metličastu cvast sa uskim laticama koje se otvaraju poput banane i otkrivaju žuto — narandžaste prašnike.

### Pahira (Pachira aquatica)

We should worship all of them as equals, not as a hierarchy, as some sects do.

Ubrzo su to prihvatili i ostali azijski narodi, a potom i ostatak sveta. Zato se smatra da ima sposobnost da zameni i aktivira slabije elemente ili elemente koji nedostaju u prostoru doma. There were many sects and philosophies that misinterpreted or were completely against the Vedas.

### Pahira (Pachira aquatica)

In this puja all the five major deities of Sanatana Dharma are worshipped: Shiva, Vishnu, Devi, Surya and Ganesh Bhagawans. Između dva zalivanja zemlja mora biti prosušena.

## PanchAyatana Puja

In the Smarta sampradaya we have a practice that attempts to eliminate both problems--the panchayatana puja.

Nisam je presadjivala i zalivam je jednom nedeljno, tako sto sipam vodu u pesak koji stoji ispod saksije.

## Pancha Devata

Uobičajene štetočine koje se mogu pojaviti su grinje i pauzi.
