I'm giving this cocktail two forks as written, but it can be improved pretty easily. On first glance it should be obvious that this cocktail is more than half tequila, which really overpowers the hint of rose when you make the drink as written. Background of the song includes the place and date of the song written by Rabindranath, name of the newspaper or magazine the song was first published in and the name of the person who had prepared the notation or swaralipi.
