The Army Air Forces in World War II Volume VI: Men and Planes: Chapter 17

Vulnerable points, the position of the crews and of the fuel tanks, are indicated in black. Initial attempts to conduct full combat-crew training at these schools were abandoned in August 1942, and instruction thereafter was confined to transition of first pilots only.

Flying Guns: World War II: Development of Aircraft Guns, Ammunition and Installations 1933

Although the majority of students continued to receive the standard single-engine curriculum, small numbers were entered into one of two experimental curricula. The 40mm cannon armed Me-210 was handed over to the RHAF Royal Hungarian Air Force in 1944.

World War Fighter Aircraft (Illustrated Transport Encyclopedia): Featuring photographs from the Imperial War Museum by Francis Crosby, Paperback

CG AFFTC to AFRIT, 12 Jan.

All Aircraft of World War II

The Luftwaffe started receiving their Hungarian-built planes in April 1943, and the Hungarians in 1944; when they entered service they were more than satisfied with them. The G-2 instrument readings for airspeed, altitude, wind direction, and other factors affecting navigation could be changed at will by the instructor from a control desk. The ratio of dual to solo hours was flexible within the limitation that a minimum of 40 per cent and a maximum of 50 per cent of the total time was to be dual.

World War II Aircraft

Without any real naval presence, the British were unable to challenge Japanese naval operations off the Malayan coast, which proved invaluable to

the invaders.

List of World War II military aircraft of Germany — Wikipedia Republished // WIKI 2

They were heavily reliant on imported materials for their military forces, particularly oil from the United States. The managed to delay the Japanese advance at for a few days, in which the Japanese suffered severe casualties in terrain that did not allow them to use their tanks or their air superiority to defeat the British. Whatever its long-range value, the course was a morale booster for men who had waited months to learn to fly.
