**Wittgenstein's Lectures on the Foundations of Mathematics: Cambridge, 1939 / Edition 1 by Ludwig Wittgenstein**

I find it very difficult to go on from the point I reached a short while ago; but I must go on from that point. Or do you see that it is something quite different? מיקום הספרייה בתוך הקמפוס הספרייה נמצאת מעבר למדשאה שבכניסה הראשית לקריה. But the difficulty is that when we normally say we are convinced of something, we can say what it would be like for us to be shown to be wrong or shown to be correct.

Tunnng: In more complex cases one may ask this question when one wants the complexity unravelled. TunnncThe sort of case which I had in mind was the case where you have a logical system, a system of calculations, which you use in order to build bridges.

**Wittgenstein's lectures on the foundations of mathematics, Cambridge, 1939 : from the notes of R.G. Bosanquet, Norman Malcolm, Rush Rhees and Yorick Smythies / edited by Cora Diamond**

All of the letters to Russell and Moore were written in English; the letters to Keynes that were written in German appear in the original with English translations by Brian F. The passage is based on B and R; but their accounts are very different. I was helped in the preparation of this volume by a Summer Grant from the University of Virginia; a Small Grant from the university covered some incidental expenses.
