8 People Who Accidentally Found a Fortune

One day in the middle of the trial, when most reporters skipped it to avoid sitting through McCaw's granular questioning. The jury took days to deliberate Delvey's fate.

Steve Jobs' widow to give away Apple founder's \$25 billion fortune

Rare for the time, the Winchester Mystery House boasted indoor plumbing, including coveted hot running water, and push-button gas lighting available throughout the home. No matter the unlikelihood of this very proper, soft-spoken, 54-year-old woman straight out of another era becoming a feminist symbol.

Huguette Clark

Delvey wasn't a thief, she just owed some people some money, and she meant to pay back every penny. The youngest daughter of senator and industrialist, she spent her early life in before relocating with her family to, where she was educated at the. Her family seemed at least middle-class, though not wealthy enough to regularly indulge in Alaïa.

The extraordinary story of Huguette Clark and the \$30m she left to her nurse

The key failed investment was a vineyard in Virginia that Donald Trump ended up buying for a small fraction of what she had spent on it.

Woman Discovers Her Cheap Ring Is Worth Millions

By removing Wallace Bock and Irving Kamsler from their positions as executors, and having Hadassah Peri return a significant amount of money, the settlement sends a strong message that those entrusted with the care of the elderly will be held accountable for their actions.

Anna Delvey

Her father worked as a truck driver, later rising to executive positions in a transportation and heating-and-cooling businesses, wrote in her profile of Delvey. There, she befriended Barbara Dorn, the daughter of one of the property's caretakers. As he was dragging a bag of old coins downstairs, he noticed a hole in an upstairs wall.
