PORTER, KENNETH WIGGIN, The High Plains.

Vol. 26, No. 4, Mar., 1940 of The Mississippi Valley Historical Review on JSTOR

Water scarcity, irrigation, power generation, dams, and so forth are all issues that affect both the people and fish of the West. Meanwhile, a wave of European immigrants entered America between 1890 and 1914, and land policies encouraged them to move westward.

Mountain man

Their span of activity was brief, their number insignificant.

Data Source and References for *Lathrocasis tenerrima* (delicate gilia)

Finally, I hit upon one thing that could be raised with certainty. These posts served as bases for most European activity in the Canadian Rockies in the early 19th century.
