### Profile of acute mixed organophosphorus poisoning MAHE Digital Repository

Mixed poisoning especially with OP compounds makes the diagnosis difficult because the clinical symptoms of OP predominate, whereas damage produced by other pesticides is late to develop and often neglected. În 1946, o schimbare în politică a însemnat că liniile de tramvai rămase vor fi înlocuite cu diesel.

### Vendor Report

A handful of vehicles were destroyed during World War II, whilst a couple of dozen others were rebuilt after suffering damage from enemy action—at least one trolleybus was damaged and rebuilt twice.
