Washington, DC: Gallaudet University Press. Although the syllabus had been designed with a broad audience in mind, this process of student-motivated choice was such that all of the students who selected the seminar were women. This would begin to alter structurally the relations of power in the mixed organization through common struggles in action.

The gay liberation movement has brought people together collectively to bring an end to that oppression. She discusses such topics as adjusting to change, reconciling body image, experiencing sexuality and pleasure, and seeking equality and justice. Then as now, Johnson tended to draw her own conclusions.
