## Law and Morality Readings in Legal Philosophy

Why are moral rules needed? Morality condemns a person if he or she has some evil intentions but laws are not applicable unless these intentions are manifested externally.

### Law and Morality

Law and morality are intimately related to each other. Morals are an evaluation of interests; law is or at least seeks to be delimitation in accordance therewith.

### LAW AND MORALITY

Rational natural law theory clearly anchors the contents of law firmly in morality and equates legal principle with moral principle.

## Law and Morality Readings in Legal Philosophy

Thus while I do admit that there have been efforts to separate moral and legal principles, total separation of the two seems to me to be a distant dream. A person may be having an evil intention in his or her mind but law does not care for it. REASONS : There are several answers.

## Law and Morality: the debate goes on

For example, the concept of dowry is taken as an immoral act, therefore legislations are made to stop dowry. Hart has however maintained his stance that law and morality remains by-and-large separate.

### Law and Morality

He believed that society has a right to punish any act that offends against its shared morality and believed law was a weapon with which such morality could be preserved. Both, law and morality, have a common origin.
