The school has also formed strong partnerships with the arts community in Burlington, taking advantage of its expertise through artist-in-residency programs and in turn helping to create a more vibrant arts scene. Copyright: Kuttelvaserova Stuchelova Like intelligence or beauty, creativity is a trait that is seen as rare and inherent, a trait that is intuitive and cannot be taught; the works that are produced by those with creativity are awesome and unattainable. Encouraging creative expression is easy in both indoor and outdoor playspaces.

### How to Promote Creative Thinking

Those skills go with you for the rest of your life as well.

Student, Ark Helenwood, Hastings Art may not be your favourite subject, but studying the arts alongside other subjects significantly boosts student achievement. What kind of art and craft should your child do? Subjects including art, music and drama are often sidelined in the curriculum. Today, for the first time in thirty years, every elementary student in the receives forty-five minutes a week of art and music instruction.

### **Integrating Music, Drama, and Dance Helps Children Explore and Learn**

For example, if all the children are playing a game outdoors and one child wants to create a sandcastle, a flexible teacher will not be threatened by this personal choice. Where have the arts in education gone? Photo © Scott Suchman for Wolf Trap Foundation.
