I moved to that center later in my writing life, but once there, I wanted to stay and make a great success of it; especially, of course, with more creative, full-length plays in the future. They consist of alphabetical lists of evacuees resident at the relocation centers during the period of their existence. Later, I thought that if I were to do something from the traditional view on Lincoln, it would be almost an obvious failure, as already there are so many books certainly thousands and novels or plays or film adaptations of similar perspective which would quickly make any such effort unnecessary.

The ground has been prepared for a kind of energy Magna Carta. For the hardcore about piracy in this discussion, I might suggest a simple experiment: if you or any current writer were suddenly supplied with a complete story plot in a few paragraphs or pages, could you come up with a play by Shakespeare? Supports STEAM Education Research Cluster. This followed from my own study of world golden ages, from the ancient Greeks, through the coming of Christ and the Roman Empire, the Renaissance of Charlemagne, Native Americans in Central and South America, China, and Akbar in India during the 1500s the three Italian scholars, Dante, Petrarch, and Boccaccio, which culminated for the West in the full Italian Renaissance 1330-1550 before transforming into other forms throughout Europe, England as mentioned, and now for the modern Global Renaissance.

Following the retirement of Jean Gottmann in 1983 and the death of House one year later, the teaching of France at Oxford was continued by Ian Scargill who wrote on urban and regional policy, as well as producing an account of the Dordogne region for general readers that reflected his summer residence in that region over many years Scargill 1963, 1974, 1983. Again, this was against my better judgment; I tried to make the point that with people eating dinner, then watching the play upstairs, some of them would have to tramp downstairs to the restrooms by the rickety old steps—upon their return, half the short play would be over! An index of citations to English language and multi-lingual periodicals that specialize in African Studies or that consistently cover the African continent.
