The Shakespeare apocrypha, being a collection of fourteen plays which have been ascribed to Shakespeare, (Book, 1967)
[styleguide.expo.io]

The name of Desdemona appears, however, in some reports, after 1604. More is a play that, given everything we know about Shakespeare, he should never have been involved in.

William Shakespeare

Contributors are regarded as authoritative in their subject area; the pages of the journal are regularly graced by leading Scottish historians. The books in this part of Shakespeare Documented represent some of the most explicit early attributions to Shakespeare and the early appearances of some of the non-Folio plays which have the strongest claims to Shakespearean authorship today. Of course, I recognize that this reasoning doesn't suffice for many.

The Shakespeare apocrypha, being a collection of fourteen plays which have been ascribed to Shakespeare, (Book, 1967)

Date: 2009-05-01 ISBN: 1429788917 ISBN-13: 9781429788915 Originally published in 1902. It includes a general introduction which goes into the history of the subject and the reason for each play being chosen, as well as an introduction for each play. A late sixteenth-century writer, , and a scrap of paper apparently from a bookseller , both list this title among Shakespeare's then-recently published works, but no copy of a play with this title has survived.

William Shakespeare

Some individual plays were published in , a small, cheap format. It was first attributed to Shakespeare by American scholars William Ringler and , who discovered the poem in 1972 in the notebook of Henry Stanford, who is known to have worked in the household of the.

The Non

Compared to the font problem, the Elizabethan spelling is a minor headache. Others were attributed to him in 17th century manuscripts.
