African Governance: Challenges and Their Implications

Human rights are those rights that belong to everyone as a member of the human race, regardless of skin color, nationality, political convictions or religious persuasion, social standing, gender or age. Poor people live in insecure areas, have the most insecure assets and rights, have fewer resources to protect themselves, and suffer the most from crime ;.

The Challenge of Stability and Security in West Africa

An additional cut on the national interests argument is that conflicts are caused by interstate disputes over contested issues, like territory, and not by regime type. Private policing and citizen involvement play a much smaller role and are not valued to the extent that they are in the Anglo-American tradition. This would assure the best implementation and progress of socialist equalitarianism, without interference by the bourgeoisie and other self-serving interests.

Democracy and Citizen Security

African states are by no means homogeneous in terms of governance standards: as the Mo Ibrahim index based on 14 governance categories reported in 2015, some 70 points on a scale of 100 separated the best and worst performers. It marks the first time since early 2018 that Europe and the United States were on the same page on an Iran strategy.
