Memory Lane

Entrechats can be classified into two general categories: even-numbered entrechats deux, quatre, six, huit, dix that start and land in fifth position; and uneven-numbered entrechats trois, cinq, sept, neuf that start from fifth position, but land in one foot. If divas are known by one well, two body parts aside from their vocal chords, it's probably their legs—which take a starring role in short, shiny dresses.

How to Stretch Properly for Dance: 9 Steps (with Pictures)

Pas de bourré is generally preceded by a tombé, as a preparation for pirouettes or big jumps. This jump can be done petite or grand, depending on the elevation that the dancer gives to the jump. As you do this move to the rhythm of the music, move your arms so they reach out to the sides when you step, then bring them down to your sides, straight in front of your chest with a clap, or simply clap in front of your chest and repeat as you step.

How to Do the Stanky Leg: 9 Steps (with Pictures)

Inside and outside terminology can not be determined by relativity to partnership as such position alternates every 180 degrees of rotation. Do 10, then repeat on the other side. None of us wanted to go on to higher education.
