## Evidence

This is the land our ancestors called home, where our forefathers were born, where food was gathered, where families were raised and buried, and where the Moose Cree life and culture continue to thrive.

## Growing deep roots : learning from the Essipit's culturally adapted model of Aboriginal forestry

The coordinator of the outfitter attended regular meetings of the Quebec Outfitters Association. The second issue is the scope of TEK that may be volunteered by Indigenous people when the duty to consult is triggered. This is particularly relevant to a consideration of the scope of environmental decisions which may involve TEK.

## Traditional ecological knowledge and environmental governance in Canada : the role of law and comprehensive agreements in facilitating incorporation

He sits on knowledge mobilization committees around the world and is Network Director for Research Impact Canada. Prior to that, she was Professor of Pharmacology at the Université de Montréal, Director of the Cardiac Development Research Unit at the Institut de recherches cliniques de Montréal IRCM, and a Tier 1 Canada Research Chair in Cardiovascular Cell Differentiation.

## Growing deep roots: Increasing Aboriginal authority in contemporary forest governance arrangements

See also Rynard, supra note 43 at 225 in relation to potential environmental risks created by financial pressures under the Nisga? In other cases, standing trees were just knocked over en masse with chains stretched between bulldozers and dragged through the woods. I would urge this chamber to factor in the approximate timetable that I referenced in our deliberations on second reading, as the many stakeholders involved in the cannabis legislation will reasonably want to prepare for implementation in an organized and deliberate fashion.
