Persian Wisdom in Arabic Garb (2 vols.)

But the close analysis of the texts, without which no firm grasp on the transits is possible, takes the reader at times into philology as well. These new texts in turn engender further research and theoretical formulations—for example, in the theory of colors. However, there is much more to this story than the transit of some European books to Istanbul and points beyond and their translation and subsequent incorporation into Turkish and Arabic literature.

Muhammad al

Rejecting the presumption that texts simply travel without changing, the contributors examine closely the nature of these writings, which are concerned with such topics as science and medicine, and how they changed over the course of their journeys. By delving deeply into the storehouse of unstudied texts, focusing mainly on content and context, this collection presents new evidence that broadens how we think about texts and their transits.

Shurūḥ

However, the gender element is not found in the Zoroastrian sources. A Guide to Eastern Literatures.

Persian Wisdom in Arabic Garb: Ali b. Ubayda al

Then again, we may have nothing but a translation embedded as a quotation, or as a paraphrase, in a different text. At times only segments of a text have endured, often embedded in other, more appreciated texts, as quotations or allusions. Portions of different texts that all deal with the same subject transit into new texts that are entirely devoted to the topic.
