## Evaluation of a questionnaire to assess nutritional knowledge, attitudes and practices in a Thai population

It was such a paradigm shift that completely changed my world.

## The Importance of Community Health and Hygiene

The Western diet has a deleterious, higher ratio of omega-6 to omega-3 fatty acids. Effect of hydrogenated and saturated, relative to polyunsaturated, fat on immune and inflammatory responses of adults with moderate hypercholesterolemia. Patients need to be made aware of the effect diet and nutrition has on their oral health.

## Dietary Influence on Inflammation

CONCLUSION The focus of diet counseling has mostly been on the management of diseases. The drug given will actually provoke a mild form of diarrhea. Evaluation of a questionnaire to assess nutritional knowledge, attitudes and practices in a Thai population.

## Oral health governed by diet and nutrition

Our body is the biggest indicator for telling us what it needs. For the practice component, set criteria were applied to determine the final variables used.

## The immunology of the allergy epidemic and the hygiene hypothesis

The questionnaire was converted into an online survey using Google forms, and the links were forwarded to the participants.

## Evaluation of a questionnaire to assess nutritional knowledge, attitudes and practices in a Thai population

Omega-3 fatty acids are found in canola oil, soybeans, walnuts, chia seeds, flaxseeds, mackerel, salmon, tuna, and sardines. Although Shelton was right to say that all drugs are toxic to some degree, he was wrong in his simplistic explanation of their action on the body.

## **The Importance of Community Health and Hygiene**

Moreover, the comparison between the years of study has not been done. When most people get sick, during the winter, you stay in the tropics. Participants were recruited from the Northern, Southern, Northeastern and Central regions of Thailand between January and September of 2015.

## **Oral health governed by diet and nutrition**

Development of a nutrition knowledge questionnaire for obese adults.
