Maritime Security Issues in the Baltic Sea Region

Geography, however, imposes a critical time-distance gap between the possible deployment of superior Russian forces and the build-up of substantial NATO forces through reinforcement along the border. Not much can be done about this in the present circumstances. As for an individual, resilience for a country or economy is reflected in how well it has prepared for an uncertain future.

Maritime Security Issues in the Baltic Sea Region

This exercise in imagination must be guided by politics. Basic epidemiological vulnerabilities are exacerbated by a health delivery system centered around outdated hospitals and an excessive reliance on out-of-pocket spending.

Peace and stability in the Baltic Sea region

Thousands of people crowded into St. New military formations have been established. This response will not include the deployment of new land-based nuclear missiles in Europe.

Reassuring the Baltic States

Gray, Strategy and Defence Planning: Meeting the Challenge of Uncertainty Oxford, UK: Oxford University Press, 2014 , 29—30. . Given the strategic calculus described above, Russia would be expected to act far more cautiously in the Baltics than it did in Ukraine in 2014.

Russian Strategic Culture in a Baltic Crisis

For Finland it is a national achievement and object of active development. It is known that the Baltic States have no tanks and combat aircraft at all.

Russian Strategic Culture in a Baltic Crisis

Nevertheless, as outlined above chapter 2.

Russia's Strategic Interests and Actions in the Baltic Region

Russia has been fortifying its population through numerous policies ranging from the increasing suppression of nonapproved perspectives, to revision of the social contract, the containment and even elimination of opposition leaders, and other manipulation of the media landscape. Lithuania, Latvia and Estonia do not have own military industries.

Capability and Resolve: Deterrence, Security and Stability in the Baltic Region
