## Home

Participate in the many interactive sessions such as Jeopardy! Accordingly, IEEE is committed to providing a safe, productive, and welcoming environment to all participants, including staff and vendors, at IEEE-related events. Lectures and cases will cover evidence-based practice techniques and protocols for improved diagnostic accuracy in multiple applications.

## 2021 Stanford AIMI Symposium: Artificial Intelligence in Medicine & Imaging

Connect with verified event organizers, Listing and RFP tools for verified venue operators.

## 2021 Stanford AIMI Symposium: Artificial Intelligence in Medicine & Imaging

Delve into the screening debate with a first of its kind morning panel of world-recognized experts who will present and discuss their various viewpoints regarding screening mammography. All Registrants have access to the webinar through January 30, 2023. The virtual symposium will focus on the latest, best research on the role of AI in diagnostic excellence across medicine, current areas of impact, fairness and societal impact, and translation and clinical implementation.

## International Symposium on Biomedical Imaging (ISBI) 2021

Source: Event Website Source : Your request and contact information will be sent to the latest contact address we have for this event. Come to EI 2022, to learn about and share the latest imaging developments from industry and academia.

## 2021 Stanford AIMI Symposium: Artificial Intelligence in Medicine & Imaging

All Registrants, In-Person and Live Webinar, have access to the webinar through December 31, 2021. ISBI is a joint initiative from the IEEE Signal Processing Society SPS and the IEEE Engineering in Medicine and Biology Society EMBS.
