This progress continued with a 2.

Bulgaria

As a general rule, the State Property Act provides that, in case of establishment of construction right or right of use up to 10 years over marketable state owned real estate, the respective Regional Governor shall issue the order, perform the tender procedure and conclude the contract. The industry now relies on contract agreements with European firms and attracting foreign investment. The introduction of health and pension insurance plans has expanded the private insurance industry.

List of companies of Bulgaria

Since then, the rate has decreased substantially with the creation of new jobs in private and state enterprises.

World Bank and Private Sector

Foreign companies and foreign citizens, furthermore, can acquire the shares in the capital of a Bulgarian company, which already owns a real estate in Bulgaria. In 2003 Bulgaria's inflation rate was estimated at between 2. In 2004 an estimated one-third of Bulgaria's land mass was covered by forests, of which about 40 percent was conifers.

List of companies of Bulgaria

From 2010 to 2017, the import of waste for increased for almost five times. In 2007 Bulgaria was visited by 5,200,000 tourists, ranking 39th in the world. During 1996, however, the economy collapsed during Jean Videnov's government.

Bulgaria

In 2011 the government announced plans to reboot the space program by producing a new microsatellite and joining the. In December 1996,

Bulgaria joined the.
