They can then use them to learn and review in seven different study modes: learn, flashcards, write, spell, test, match, and the gravity space game.

Importance of Education

From the 5th to the 8th century The gradual subjugation of the Western Empire by the barbarian invaders during the 5th century eventually entailed the breakup of the educational system that the Romans had developed over the centuries. Hanushek and Ludger Wößmann The importance of education is emphasized by society.

Educating our future

Education helps a girl become economically independent while she knows her rights and women empowerment which helps her to fight against the problem of gender inequality. Are being implemented in Punjab Pakistan , Bangladesh and the Sahel benefitting close to half a million girls.
