It is very general, and could be referring to any of a number of mouse behaviors. However, a story is just the start.

Quotes and Famous Sayings

Organize your presentation so your reader will understand the logical flow of the experiment s ; subheadings work well for this purpose. For example, controls, treatments, what variable s were measured, how many samples were collected, replication, the final form of the data, etc.

WatchThatPage

The passive voice will likely dominate here, but use the active voice as much as possible. In others, you might treat your business as its own character with a distinct story.

Why No Padlock?

Seeds exposed to the 2-day treatment had the highest cumulative germination 84% , 1. A general is available to help plan your experiments in the core courses.
