## Mystery and Detective Stories for Middle and High School

When the daughter of her mother's client is kidnapped, Martika's visions help guide the search for the missing girl.

## Mystery and Detective Stories for Middle and High School

I give this book 5 stars. Presents sixty-five short "mysteries" in which science facts ranging from the life, Earth and space, physical and chemical, to the general sciences are taught in an entertaining way.

## 65 short mysteries you solve with math! : Yoder, Eric : Free Download, Borrow, and Streaming : Internet Archive

The hitherto unattainable Toots Rodriguez solicits Mickey's help when she is accused of stealing a classmate's special pen, the one actually touched by the President of the United States when he signed the bill sponsored by the classmate's father. Mickey Rangel, kid detective extraordinaire, is on the case! This book challenges your scientific and logical reasoning.

## One Minute Mysteries: 65 More Short Mysteries You Solve With Science by Eric Yoder

**One Minute Mysteries: 65 Short Mysteries You Solve With Science!, Books: Educational Innovations, Inc.**

Ellen Oh, founder of the We Need Diverse Books movement, returns with *Spirit Hunters*, a high-stakes middle grade mystery about Harper Raine, a Korean-American new seventh grader in town who must face down the dangerous ghosts haunting her younger brother.

**One Minute Mysteries: 65 Short Mysteries You Solve with Math! by Eric Yoder**

After each you get the answer and good explanations of how it worked. In the second book in the wildly successful One Minute Mysteries series, kids must tap into their critical thinking skills to solve these entertaining and educational mysteries.

**65 more short mysteries you solve with science! : Yoder, Eric : Free Download, Borrow, and Streaming : Internet Archive**

Something goes missing in a classroom and the children need to use math to figure out if it was stolen or whatever. Each one-minute-long mystery challenges readers' knowledge of math in everyday life situations.

**One Minute Mysteries: 65 Short Mysteries You Solve with Math! by Eric Yoder**

But fun ways to show applications of math in real life. Some of these are hilarious; others are chilling.
