The Impacts of Digital Divide

Saelens BE, Sallis JF, Black JB, Chen D: Neighbourhood- based differences in physical activity: an environment scale evaluation.

Do globalisation and world trade fuel inequality?

Huisman M, Kunst AE, Mackenbach JP. When, in 1991, 70 athletes defected from Cuba, that was very irritating. The results are considerable for developing strategy of adaptation especially for developing countries.

How Globalization Affects Developed Countries

European Journal of Public Health. The existence of extreme inequalities in income and wealth create social cleavages, lead to economic and political instability and the biggest hindrance in the way of economic development of an economy. The outcome equation predicts cigarette consumption, health risks related to smoking, and smoking dependence, conditional on the selection equation.

Problems of Development Today

It was also found that 79% of smokers were at an increased health risk.
