Accessible Accommodation

Its grand rooms, furnished with squashy sofas and antiques, and wooded grounds, designed by Humphry Repton, make a splendid setting for special celebrations, retreats and small weddings, or for renewing vows. The hotel features 14 ADA-compliant rooms with features such as accessible peepholes and lower climate controls and closet poles.

In addition, a brochure was compiled by a staff member of South African National Parks in a wheelchair, who visited all the described places and assessed them in terms of their accessibility potential for visitors with restricted mobility, particularly those in wheelchairs, with prams or with other mobility assisting devices. There are no accessible features present. Lower Sabie is the Rest Camp with the second largest number of accessible units for disabled travellers after Skukuza.

Accessible Accommodation

Consider the breathtaking Norwegian Fjords or the magnetic sun spots of Spain, the skyscraper skyline of Frankfurt or wonderfully preserved cities that capture the ethos of a particular epoch such as Prague.
