Wozny, Gustav Olling North-Holland 1994 edited by Peter R. Workshop on Geometric Modeling: Fundamentals and Applications 7th 2000 Parma Italy.

Geometric modeling for product realization : selected and expanded papers from the IFIP TC5/WG5.2 Working Conference on Geometric Medeling, Rensselaerville, NY, U.S.A., 27 September

Pratt North-Holland 1993 edited by J. We then pass to the 4 dimensional setting as a gateway to higher dimensions.

Libros: CAD

They then proceed to draw appropriate geometric conclusions from these decompositions. It includes a vast collection of ideas and tools which will offer something new to all interested readers. A central area of study in Differential Geometry is the examination of the relationship between the purely algebraic properties of the Riemann curvature tensor and the underlying geometric properties of the manifold.

Libros: CAD

Discrete and continuous geometries have turned out to be intimately connected.
