Some of these essays were written when Lukács was deputy commissar of education in the embattled, short-lived Hungarian Soviet Republic. Political Writings collects his articles from the decade in which he was most politically active, including his stint as deputy commissar of education in the Hungarian Soviet Republic.

**political writings 1919 1929**

. They are followed by material which displays the full range of his activity and thought during the subsequent ten years. Including his famed essay on parliamentarianism-which earned Lukacs the respectful yet severe criticism from Lenin-Political Writings is a trove of the Lukacs's reflections on political life.
