### Geschmacksmuster und Design

The lack of any apparent interest on the part of the judiciary for a coherent legal explanation shows that the courts are extremely uneasy with such an institution, as if they did not want to admit that, in reality, they are granting restitutionary, or, more generally, non-compensatory, damages in the face of a long tradition which sees compensation as the aim of damages.

### Schöpfungshöhe

As a result, despite the fact that it is extremely difficult to deny that judicial authority has introduced a non-compensatory element in the law of damages, it would be incorrect to conclude that this is a restitutionary solution.
