I must honestly say that I was a bit disappointed. Nevertheless, no other picture of the Renaissance has become so wellknown and popular through copies of every description. THEORY OF COLOURS The reciprocal effects of colours on objects placed opposite each other 263--271.

The Literary Works of Da Vinci Index

. HOW WE MAY CONCLUDE THAT A SUPERFICIES TERMINATES IN A POINT? This is evident when we look at luminous bodies, and particularly at those in the sky. They will scorn me as an inventor; but how much more might they--who are not inventors but vaunters and declaimers of the works of others--be blamed.
