Boko Haram: Anatomy of a Crisis

An important book for everyone who wants to understand the influence of bin Laden and al-Qaeda on today's terrorist groups. If you want to learn something reasonable about the history of terrorism, this should be the last book you take.

Anatomy of Terror : From the Death of Bin Laden to the Rise of the Islamic State by Ali Soufan (2018, Trade Paperback) for sale online

They tend to be associated with strong emotions and are often religious in nature, but beliefs held by fervent nationalists and secularists, for example, may earn the label too.

Anatomy of Terror: From the Death of bin Laden to the Rise of the Islamic State by Ali Soufan, Paperback

I picked up this book thinking I would learn about terrorists as I imagined from the modern era the IRA, Al Qaeda, etc. Where alternative perspectives were presented in the coverage, they tended to be buried.

Anatomy of Terror

They respond to questions ranging from whether attacks on the military are considered terrorism to whether terrorism is moral and whether the ends justify the means, and touch on the politics of power and matters of terrorism as a form of repression. For decades, historians were locked in a narrow debate about the degree of central control over the terror process.

Anatomy of Terror: From the Death of bin Laden to the Rise of the Islamic State on Apple Books

On the one hand, insofar as populism is endemic to our kind of regime, and insofar as we have survived past bouts of it, we can be confident, to some degree, that we can survive this one too.

The Anatomy of Terrorism

She reads Arabic, but employs local translators in the field. News coverage conflated all forms of terrorism. Most jihadist fighters are dead or captured, or have crossed the Tigris to the west, digging in for a final stand.

Boko Haram: Anatomy of a Crisis

Anatomy of Terror lays bare the psychology and inner workings of al-Qaeda, the Islamic State, and their spawn, and shows how the spread of terror can be stopped.

Anatomy of Terrorism

But the terrorists from the past differ from the ones of the modern day, and after some discussion, Ken also fears that John could possibly be denying that terrorism is an intrinsically bad thing. We are playing a dangerous game of whack-a-mole: terrorists pop up. But six years later, the reality is the reverse.
