### Dorrie and the Weather Box by Patricia Coombs

Her memory of her hands was older than their flesh, bones, and blood.

### Dorrie and the Weather Box by Patricia Coombs

Your article and description of the books was perfect. I turned the page and this face leered up at me: It gave me such a shock that I remember jumping right out of bed and running downstairs to show my parents in the middle of their party! This is the thesis of You Are Stardust, a book that revels in blowing the minds of seven-year-olds. .

### Dorrie and the Weather Box by Patricia Coombs

One key may be the lovability of its protagonist. She is also the aunt of a Manhattan-living new nephew. IsTextBook: No Weight: 0 lbs ISBN: Does not apply.

### Dorrie and the Weather

Trees and trails are winding and alive. It was dark and spooky up there with bats flying all around. Then pink lightning zig-zagged all over the room, the wind whistled and blew and dark clouds began to gather.

### Dorrie and the Weather

The first books are graphic looking: blacker with more block colours.

### Dorrie and the Weather

Thanks so much for the post. Suddenly there was a loud crash of thunder. I also came to know and love Dorrie when I was very young In a small town in Ohio.

### **Dorrie and the Weather Box by Patricia Coombs**

This entry was one of the ones I pored over when younger, and now that I have had the pleasure of rereading it reminds me of , which also featured a tale involving Dorrie's misuse of her mother's magical supplies. And up she climbed, high into the tower, to the secret room where her mother, the Big Witch, made magic. The biospherians had decided that the nature they needed to bring with them through the airlock was not just that which would provide oxygen, heat, and calories, but also that which would delight and terrify.

### **Dorrie and the Weather Box book by Patricia Coombs**

Oh my gosh - I never read any Dorrie books when I was a little, but I couldn't stop staring at the illustrations in the post, thinking the style looked SO familiar to me.
