### Stunning Portrait Photography: The Ultimate Guide

So, make sure that the face is correctly exposed — not too dark under-exposed and not too bright overexposed. This can bring real life to your portrait photo.

### Portrait Photography Guide

Good portrait photographers know how to adjust every little detail.

### A Beginners Guide to Taking Portraits of Elderly Clients: Part 2

What can I say about the nifty fifty? Here, the subject comprises of members of the same family. Both natural and artificial sources.

### 12 Tips for Taking Stunning Portraits

Strength and sharp, defined lines are key. Some portraits are best with a blurry background.

### A Guide to Portrait Photography

Founded in 2012, our focus has always been simple, practical tips and tutorials, for beginners. Although many photographers upgrade to a decent or to give them more control when they take family portraits or pictures of friends, getting great shots of people is always a challenge. By experimenting with different poses you can see what works and get new portrait ideas to apply to your next shoot.

### The Ultimate Guide to Portrait Photography (192 Best Tips!)

Bring along a pair of glasses with the lenses removed. Get to know them, and find out about their hobbies, interests and favourite places, and then see if you can somehow incorporate one of these into your portrait.
