But the tension produced in Japan by the Russian massacres in Blagovestchensk and the atrocities committed on the march to Peking opened a deeper gulf than ever between Russia and Japan. Its cause has been established with scientific precision; the means of prevention have been demonstrated beyond question, and the saving of half a million lives annually rests now with our National and State Legislatures and with the education of the public.

The splendid showing in the work gave the Government cause for congratulation, not only on the appointment of Colonel Goethals, but on another matter which it had been feared events might prove to be ill advised. But in part the difference reflects an increase in business activity during the last four months of the year- 1921.
