Mining employment smashes records

GSI has changed a lot and many a new geologists from fair sex almost 40% of the the total working force have taken to GSI by now. Further an order has been issued on 08.

Unemployment & Labor Force

This Tribunal, referring to the above Board Circular ruled that services provided beyond the Indian territorial waters will not attract service tax. Determining the risk factors for coworker violence will require assessing individual incidents to determine whether there were preceding indications of impending violence e. .

Employment & Human Resources

The western flank for example shows fault block rotation like features which stem from the formation of the western continental rifted margin. Therefore the service is provided outside the taxable territory.

National Agricultural Workers Survey

But they are far less satisfied with the number and regularity of hours of work they receive and the use of skills they have acquired.

Employment & Human Resources

I posed this question to my senior colleague Late Dr.

All India Federation Of Tax Practitioners v. Union Of India

The geologists are divided into different groups and the number of groups will depend upon the total number of geologists. As per the SCN the service is provided on block in the CS and EEZ.

Occupational Injury Deaths of Postal Workers

This is because, earlier, not many women opted for job in GSI. As regards the Bourbon Offshore Vessel, we find that the demand has also been raised in another show cause notice which has been adjudicated. The salient features of the contract are as below: 2.

Female employment rate (aged 16 to 64, seasonally adjusted)

Total national mining employment reached 264,000 in the September to November 2020 quarter, compared to 240,600 in the June to August 2020 quarter. As already stated above, Section 14 creates a legal fiction and we have to see the ordinary value of the imported goods in the course of international trade at the place and time of import. The line shows the overall trend.
